

## **A Few Reminders For Drivers Who Use Car Line**

- ❖ Car line operators are parents who volunteer their free time so you can drop off and pick up your child safely and easily. **COMMON COURTESY IS EXPECTED.** Please be a good role model by thanking our volunteers.
- ❖ **STAY OFF YOUR CELL PHONE** while car line is in operation. This is for the sake of safety and efficiency, and will give you an opportunity to say goodbye to/greet your child.
- ❖ Drive **SLOWLY** and **BE PATIENT**. Be aware of your surroundings and **FOLLOW THE INSTRUCTIONS** of the car line volunteers—pulling as far forward as possible in the line.
- ❖ **DO NOT** let your child out of the car before you get to the car line area. Please allow the car door to be opened by one of the volunteers.
- ❖ Display your **PLACARD** with your child's name and grade on it in your windshield at pick up time. If you don't have one, there are replacements in the office.

**Special thanks to all of the volunteers who make car line possible and our school a safer place!**
