Welcome back to school! The Mill Valley School District is pleased to continue working with Revolution Foods for our school lunch program. Meals are prepared fresh daily, incorporating organic and locally grown food when possible. Here are some of the highlights!

- ❖ No increase in price – Through the District’s competitive bid process, Revolution Foods has kept the prices the same as last year while still continuing to provide tasty, nutritious, and high quality meals. Lunches are \$4.75 for grades K-5 and \$5.00 for grades 6-8.
- ❖ Local Pizza – Stefano’s Solar Powered Pizza
 - Students can enjoy this local favorite served with fresh fruit and milk!
- ❖ Compostable Packaging
 - Compostable containers are made of Bulrush fiber which we chose due to its durability, tree free nature, and lack of bleaching.
 - Blister Seal- the Bulrush fiber containers will be topped by a blister seal. Made from eucalyptus, this seal is biodegradable and maintains food temperatures, freshness, and presentation of the meal.
- ❖ Classics Rotation!
 - This includes “kid favorite” meals (such as hot dogs, pastas and hamburgers) on a weekly rotation, in addition to other daily options.
- ❖ Credit Card Payment System
 - All Mill Valley Schools are now on the credit card ordering system! Your Access Codes will remain the same as last year for the Credit Card ordering site (CC). This means that if you have an account from last year, you DO NOT NEED TO CREATE A NEW ACCOUNT. However, you will need to do one or both of the following:
 - Update your child’s grade information
 - Update your child’s school information (if they moved from an elementary school to the middle school or another MV elementary school)
 - The credit system is very simple and easy to use as it is similar to the FasTrak system (declining balance). However, you will need to add more funds as the balance becomes lower. The system will not allow orders to be placed without funds in the account.
